

# From Our Gardens to Yours – Plant Sale 2017 – Annuals

	<p><b>Decorative Peppers</b> – Annual / Sun / 10 -12 inches tall</p> <p>These pepper are for decoration only. They can be grown in pots or directly in your garden wherever you need a splash of color. Can be grown from seeds.</p>
	<p><b>Marigolds</b> – Annual / Sun / 12 inches</p> <p>Marigolds come in various combinations of yellow/gold/orange. Blooms will be more abundant all summer if they are deadheaded. Do not fertilize as this causes growth to go to leaves rather than blooms. They are sometimes used as a companion plant for tomatoes to prevent nematodes.</p> <p>(Seeds available at <a href="http://www.burpee.com">www.burpee.com</a>.)</p>
	<p><b>Wandering Jew</b> – Annual/House Plant / 6-8 inches / Sun</p> <p>Wandering Jew needs bright light to maintain its color. It will spread easily and root where it touches the ground. It should be kept slightly moist. It works well as an annual in a hanging basket. Cuttings can be taken in the fall to pot up for a house plant.</p>

Virginia Cooperative Extension programs and employment are open to all, regardless of age, color, disability, gender, gender identity, gender expression, national origin, political affiliation, race, religion, sexual orientation, genetic information, veteran status, or any other basis protected by law.
