|  | <p>Begonia – Annual / Full Shade to Part Sun / 30 – 34 inches</p> <p>Come in many different colors. Good for beds, borders and containers.</p> |
|  | <p>Cardinal Flower – Annual / Full Sun to Part Sun / 36 – 40 inches</p> <p>Good for wet location. Deer and rabbit resistant. Cut flowers when 1/3 open.</p> |
|  | <p>Coleus – Annual / Shade / Various heights –</p> <p>Coleus come in many different colors. For bushier, fuller plants, keep the growing tips pinched. To extend the lush color into fall, remove any stray flower spikes that emerge -- they take energy away from maintaining the gorgeous foliage, and the flowers are insignificant. If growing in the garden, sow about 12 inches apart. If growing indoors for houseplants, sow at any time, placing the young plants in a well-lit window.</p> |
