

# Plant Sales

We take all of our plants to the church the night before to be staged and priced.

Snacks for our volunteers are always appreciated.

Our Garden Art area has slightly used garden related items and some new craft things. We will have one of the quilts left from last year that we will raffle.

Some of our handmade items include sun catchers and bird houses.

We help the customers to make their selections.

Ed shares his knowledge about tomatoes, peppers and herbs.

Our display board gave additional information about each of the plants.  
It mirrors the information we have on the web site.

We have lots of carts and wagons. We encourage the customers to fill them up and then help them get their purchases to their cars.

We hope to have more than one item to raffle. The customer would buy raffle tickets at the checkout and put them into jars for the different items they want to take a chance on.

We also take the opportunity to set up Plant Clinic and Land Care tables. This year we plan to have lots of demo items on display.

We invite selected vendors to participate and pay us a percentage of the profits.
