Subject: Hanover Co Master Gardener training- Thank You
To: vkish@richmond.edu, Jay Conta <jay conta@vdh.virginia.gov>

I just wanted to say thanks for the honorarium you gave me for speaking on Monday. That was very nice of your group, and much appreciated. I always enjoy doing the soils portion of MG training, and it looks like you have a very good group to work with this time. I only regret that I got behind and didn't get to complete all the material, like fertilizers. I will try to be more concise and keep things moving for future sessions.

The meeting room was a nice one and seemed to work well for the class- thanks for all your arrangements. Thank you again for your generosity.
